RE: South Carolina Electric & Gas Company's Filing of Quarterly Monitoring Report for the twelve-month period ending March 31, 2009, and Proposed Rate Adjustments pursuant to the Natural Gas Rate Stabilization Act
Docket No. 2009-6-G
Request to Amend Exhibit A to Order No. 2009-723

Dear Mr. Terreni:

By Order No. 2009-723, dated October 13, 2009, issued in the above-referenced docket, the Public Service Commission of South Carolina ("Commission"), pursuant to the Natural Gas Rate Stabilization Act, approved the request of South Carolina Electric & Gas Company ("SCE&G" or Company") to adjust its natural gas base rates. Attached to Order No. 2009-723 as Exhibit A is a copy of SCE&G's rate sheets reflecting the approved adjustments to the Company's gas rates. By letter dated September 24, 2009, and pursuant to Commission Order No. 2006-679 issued in Docket No. 2006-5-G, the Company updated its cost of gas factors for the October 2009 billing cycles. However, the rate sheets attached as Exhibit A to Order No. 2009-723 do not reflect the cost of gas factors implemented in October 2009 and currently in effect. Instead, Exhibit A contains the cost of gas factors that the Company implemented for the September 2009 billing cycles. Therefore, in order for the Company to accurately recover its gas costs, it is necessary to revise Exhibit A of Order No. 2009-723 to include the cost of gas factors currently in effect.

Enclosed, as Amended Exhibit A, you will find a copy of SCE&G's rate schedules for natural gas service which incorporate the adjustments to base rates approved in Order No. 2009-723 as well as the current cost of gas factors which were implemented by SCE&G in October 2009. Accordingly, SCE&G respectfully requests, pursuant to 26 S.C. Code Ann. Reg. 103-853, (1976, as amended) that the Commission amend Order No. 2009-723 by replacing Exhibit A of that order with the enclosed natural gas rates schedules enclosed herewith as Amended Exhibit A.

SCE&G respectfully requests that the Commission amend its order on or before November 3, 2009, so that its terms may be reflected in the first billing cycle of November 2009, which begins on November 4, 2009.

The Honorable Charles Terreni

WEATHER NORMALIZATION ADJUSTMENT

APPLICABILITY

This Weather Normalization Adjustment (WNA) is applicable to and is a part of the Company's firm gas rate schedules 31, 32V, 32S, and 33. The commodity charges per therm for each customer account during the billing months of November through April will be increased or decreased in an amount to the nearest one-thousandth of a cent, as derived by the following formula:

$$WNA = \frac{WSL \times R}{ATH - BTH}$$

$$\text{Where: } WSL = \frac{ATH - BTH}{ADD} \times (NDD - ADD)$$

WNA = Weather Normalization Adjustment factor for a particular account expressed in dollars per therm.

WSL = Weather Sensitive Load which is the difference in the amount of therms that would have been consumed by the customer during normal weather and the amount of therms actually consumed.

R = Approved rate less cost of gas for applicable rate schedule determined as follows:

Rate 32V R= \$0.456	Rate 32S R= \$ 0.516
Rate 31 R= \$ 0.49135	Rate 33 R= \$ 0.44135

ATH = Actual therms consumed by customer during current billing period.

BTH = Base load therms which is the average of the therms consumed by customer during the previous billing months of June, July and August. If BTH is greater than ATH, then BTH will equal to ATH. If base load therms cannot be determined, then base load therms will be as follows:

Rate 32V = 18 therms	Rate 32S = 4 therms
Rate 31 = 19 therms	Rate 33 = 739 therms

NDD = Normal heating degree days during customer's billing period authorized by the Commission.

ADD = Actual heating degree days during customer's billing period.

The appropriate revenue related tax factor is to be included in these calculations.
